

Site-Based Mentoring

Life can get crazy! For those who want to volunteer with Big Brothers Big Sisters but don't have the time outside of work can easily take part in our Site-based program.

It may sound obvious, but one of the best places to make a "Big" impact on a young person is at school. "Littles" enjoy having their "Bigs" visit them at school, whether it's in the classroom or on the playground.

In the Site-based program, "Bigs" meet with their "Little" for about an hour during the school day once a week.

Site-based mentoring is a program that teachers and parents can get behind. They see students come back from their time with their "Big" filled with confidence, smiling big, ready to learn and eager to succeed.
